Summary:

Innovative Full Stack Developer with over 4 years of experience in web development and project management. Skilled in technologies such as Next.js, Astro and Nest.js, Express.js, committed to continuous learning and adapting to new technologies

Professional Experience:

Full Stack Developer & Project Manager

FL Productions, Costa Rica

March 2013 - Present

- Developed the initial website using Joomla, later migrated to WordPress, and finally to Next.js - TypeScript / Express - JavaScript.
- Created yehu.app for client and invoice management, currently with active clients as it is open to the public in beta phase.
- Technologies: Next.js, TypeScript, Express.js, MySQL, Sequelize, Tailwind CSS.

Frontend Developer, Project Manager, Team Leader

No Country, Latin America

March 2024 - Present

- Led multidisciplinary teams to create applications in 5 weeks.
- Developed MVPs simulating real work with the teams.
- Technologies: Next.js, TypeScript, React, nanostores, Tailwind CSS.

Featured Projects:

BeatHub:

Frontend: Next.js 13.5, TypeScript 5.0, React Query 5.0, Tailwind CSS 3.3, Framer Motion 10.1, Nanostores.

Backend: Java - Sprintboot

- [Beathub](#)
- [more information](#)

Yehu:

Backend: Express.js 4.1, MySQL, Sequelize 6.3.

Frontend: Next.js 13.5, TypeScript 5, React Query 5, Tailwind CSS 3.3, Framer Motion 10.1, Nanostores.

Try it with a test user:

user: test-user@test.com
password: fake1234
